

### Hearing Protection, Amplification and Communication

#### -Multifunction Hearing Protection

MSA Sordin's *Splash-Proof CC Supreme* is developed to conform to international MIL-specifications and other extreme conditions.

The electronic design is based upon our own ASIC circuit and controlled by a micro-processor. This makes it possible to combine very low current consumption with high performance.

#### Features:

- ◆ Two separate waterproof microphones reproduce ambient sound within the headset
- ◆ Waterproof Internal electronics (not 75328)
- ◆ Close fitting slim design with foldable headband
- ◆ Rugged slash proof ELECTRET noise cancelling boom microphone
- ◆ All electronic functions incorporated in a slim 3 button key-pad
- ◆ Over 600 hours of battery life from 2 x AAA batteries
- ◆ Battery Save Function and Low Battery Warning system
- ◆ Two sets of audio speakers ensure the headset always has live communication with two-way radio , even if batteries for the 'active' are completely dead (not on industrial version 75328)
- ◆ High passive attenuation
- ◆ Fitted with 4-pole Nexus connector for easy connection to PTT interface (LEMO versions also available)
- ◆ Can connect to either PTT2000 or PTT7000 series press-to-talk switches (available in numerous specs)
- ◆ Flexible and shape-stable rubber ear cover

PTT7000 with TJ101 quick disconnect connector

Headset order code:  
75332 MIL-Spec  
75328 Industrial Spec  
Standard colour: Black
