

F2 TREM[®] Helmet

[Advanced Protection Helmets]

[Forest Fire-fighting and Rescue Missions]

Capitalizing on over 15 years of experience with the F2, the new F2  TREM[®] helmet not only reaches, but exceeds all firefighters expectations. When operating outdoor, providing great comfort and protection in extreme situation thanks to its vented shell and adjustable retention system, it is fitted with high performance safety goggles to ensure eye protection for those situations when projectiles can be harmful. The retro-reflective stickers on the shell top, coupled with bright color painting (with plain, fluorescent or photoluminescent finish) warrants high visibility of the fireman even in fume and dust conditions. Shock, Penetration and flame performance exceeds normative requirements to provide unparalleled protection in all outdoor operations.

MSA GALLET

GA3600 [Forest Fire-fighting and Rescue Missions]

[Application]

Forest fire-fighting

[Technical specifications]

| | |
